ABOUT BRUNEL PROJECT CARGO

Brunel Project Cargo is the specialist projects and heavy lift division for the Brunel Group of companies, and was established to provide innovative and bespoke customer centric project cargo solutions by sea, air, road and rail freight. We believe in investing for the future and the core to our success is our people, infrastructure and information technology.

The way we bring success to our customers business is also in the reinvestment and evaluation of our business processes, and managing the constant changing environment by becoming an extension of their business, by offering dedicated account management and listening to your needs and requirements.

Our modern and fully equipped facilities at Heathrow and Felixstowe give us the capability of providing a full turnkey project solution for OOG and heavy lift projects.

Brunel Project Cargo have strategic partnerships with a fully comprehensive and approved supplier base, with the same ethos and goals to ensure that each shipment is handled with precision and quality from start to finish
